The perfect blend of old and new in a clay brick.
Capture the timeless charm of classic colonial masonry with the Colonial Collection. Inspired by the rich brick-building traditions of New England and Atlantic Canada, these bricks feature unique patterns formed by random textures and colour variations in every installation. With dimpling and distressed surfaces, each piece adds a touch of heritage to contemporary and traditional designs alike.

Available in

Brick Sizes	Length mm (in)	Width mm (in)	Height mm (in)
Metric Modular	190 (7.48)	90 (3.54)	57 (2.25)
Slender	190 (7.48)	10 (0.4)	57 (2.25)
Saxon	190 (7.48)	90 (3.54)	90 (3.54)

Coverage:

7 bricks = 1 sqft

Minimum Compressive Strength – Gross Area MPa (P.S.I.)
Red: 80-100 (11,000-14,000)
Brown: 70-90 (10,000-13,000)
Buff: 65-85 (9,500-12,000)

Maximum Water Absorption (24 hr. %)
Red: 1 – 3
Brown: 2 – 4
Buff: 6 – 8

Maximum Saturation Coefficient
Red: 0.65 – 0.78
Brown: 0.50 – 0.70
Buff: 0.70 – 0.78
Maximum Initial Rate of Absorption
Red: 1g/min/5,000mm2
Brow: 5g/min/20,000mm2
Buff: 10g/min/20,000mm2

Freeze Thaw % After 50 Cycles – Meets Requirements
