

MANORSTONE

A user-friendly, tri-faced garden wall stone

ManorStone is a unique landscape block in the Shaw Brick Collection, featuring a soft-split face with a wide centre portion and tapered ends that generates a distinctive dimpled scalloped look with light and shadow.

If you are looking for a user-friendly wall stone product for your garden project, you have found it with ManorStone. This tri-face garden wall product is most often used for decorative planters and low garden walls up to 3' in height.

Each stone has a finished top, no separate capstone required

Do-it-yourselfers will enjoy the rear lip placing system that catches the row below, making it easy to install. In addition, each wall stone block offers the benefit of a finished top face - no separate capstone is required to complete your project.

These popular landscape blocks are available in three pleasing colours: Natural Charcoal, Mocha Charcoal and Red Charcoal.

Drop into a [Shaw Retail Centre](#) or one of our [independent retailers](#) to learn more about making your project be the best it can be.

This product may not be available at all locations, please check with your local Shaw Brick.
