

NOVA SLATE

Larger patio slabs with a slate grain texture

Nova Slate Patio Stones give a clean crisp appearance when laid, with a very convincing natural slate grain texture. Their 18x24" size makes them ideal for larger patio and walkway installations, with each patio slab covering three square feet.

Nova Slate Patio Stones are available in two neutral shades that will absolutely go with everything: Natural Charcoal and Natural.

Larger patio blocks like these have the advantage of being faster to install than the smaller-sized pavers, but be sure that your site is properly prepared for installation.
