An old-style garden wall system with a sense of style.
Tumbled WallStone is a multi-component rough-textured garden wall system that always makes a great first impression. The look is decidedly old-style. The feeling is warmth all around.

The garden blocks in the Tumbled WallStone system are available in a variety of formats that help add interest and graceful curves to garden walls: Long Stretcher, Stretcher, Medium Radius and Short Radius. The system also includes a coordinated Cap that is sold separately.
